The project report of" SISUNENA UDANA" Education Foundation 2020/2021

Distributing of school requirement to 1000 under privileged school children in 20 schools at Bandaragama Division in the Kalutara District and Kandapola, Lidula and Thalawakale Divisions of the Nuwaraeliya District through Divisional Secretariat.

INTRODUCTION :-

1. Ho/Waduranmulla Sri Rahula Vidyalaya is the only School for the poor children living in Waduramulla, Waduramulla East, Pinwala, Mahawila and surrounding rural areas in Bandaragama Division, Kalutara District. This school provides education from grade 1 to G.C.E. (O/L). Most of the students attend here are facing lots of economical and social difficulties. Our foundation decided to distribute educational needs to 50 very poor children who are unable to meet their requirements. If we are able to give our supportive hand. It's an incomparable social service to them.

Project for enhancing academic background of poor children who are living in up country Tea Plantation.

Children of the labourers of Up country Tea Plantations specially living in the areas like Thalawakale Lindula, Kandapola, Ragala, Hatton, Nanuoya do not have the faculties of having sufficient academic back ground. Therefore they also become traditional labourers of tea plantations for their livelihood. Just like their parents.

From the information gathered from the government servants such as Divisional secretary and Asst. Superintendent of Police, these students are bright and intelligent but poverty has prevented them getting educated.

Therefore on behalf of children, whose parents get a low income, Project such as **Sisu Nana Udana** is expected to be implemented and 20 Nos of schools have been identified for helping.

Wevita Mitree Maha Vidyalaya. This school situated in a beautiful greenish environment in Bandaragama division. This area is enriched with natural beauty. Specially the breeze of the lake relaxes and cools the mind of everyone. But sorry to say that is not enough to cool the mind of these poor children, because most of these children's parents are separated and some of them are looked after by the grand parents and guardians. They too are very poor and can only meet their food needs but not the education side. Due to these difficulties they undergo various problems like mental agony and social harassment.

If you could pay attention to their needs and give your generous support to supplement their educational needs, It is highly appreciated and a great advantage to brighten up their future.

We have selected 50 poor children from 14 secretariat offices in Kalutara District with the supervision of the Divisional Secretary of Kalutara.
